Privacy policy

Privacy policy and the use of cookies on websites of Complex Catering and Hotel School in Warsaw emphasizes particular importance to respect the privacy of users visiting the website in the domain zsgh.edu.pl. The data collected in the logs are used only for the purposes of controlling the website. We do not seek identification of school page users. No identification data is used for any purpose.

Data collection

With accepted practice of most websites, we store HTTP requests directed to our server. Viewed resources are identified by addresses URL. The exact list of information stored in web server log files is the following:

- public IP address of the computer from which the request comes
- the name of the client`s station - identification carried out by the HTTP protocol, if possible
- user`s name provided in the authorization process
- time of receiving the inquiry
- the first line of the HTTP request
- the HTTP response code
- the number of bytes sent by the server
- URL address of the page previously visited by the user
- if the transition to the office`s website was made by reference
- information about the user`s browser
- information about errors that occurred during the implementation of the HTTP transaction

These data are not associated with people browsing the school`s website. For ensuring the highest quality of service, we analyze log files for presentation on page views of a given page and we also analyze information regarding: used browsers, whether the page structure contains errors

Use of data

Collected logs are stored for an indefinite period as auxiliary material used to control the site. The information contained there is not revealed to anyone except persons authorized to control the school`s server. Based on log files statistics can be generated to assist in administration. Summaries in the form of statistics do not contain any identifying features of persons visiting websites.

Cookies mechanism on the school websites

The cookies mechanism is not used to obtain any information about website users or tracking their navigation. Cookies used on the school website do not store any personal data or other information collected from users. On the zsgh.edu.pl website the session

file can be used periodically called INFO - to save the fact of reading the highlighted information. File cookie is created to limit the amount of emissions of the advertisements. Thanks to the cookie, information is displayed only once for one user session and does not appear again after switching to the next page of the website. The session cookie mentioned above, if created, appears in the specified time, and only for the time the user visits the site. Closing the browser window with the school`s website causes the deletion of the created file. In many cases, software used for browsing websites (web browser) allows storage of cookies. School website users can change the settings of cookies. These settings can be changed in such a way as to block automatic operation of cookies in the web browser settings or to inform about them each time a website is placed on the user`s device. Detailed information about the possibilities and ways of handling cookies are available in software settings. More information on cookies is available at www.wszystkoociasteczkach.pl or in the Help Section of the web browser menu.

Links to other sites

The school website contains links to other websites. We can not bear liability for privacy practices of these sites. We urge you to read the privacy policy after switching to other websites established. This privacy policy applies only to the School Complex Catering and Hotel School in Warsaw.

Changes

In case of a change to the current privacy policy, there will be introduced appropriate modifications to the above entry.
